Baseball Field Prep Specifications

Jim McCaskey from McCaskey Landscape and Design LLC was present at the meeting. He updated the Park Board on the baseball field prep work. He also mentioned that the Varsity field fence is bent and it needs to be reinforced. The bowing fences are caused from players tossing the baseball into the fence and he recommended that the Township install "No Soft Toss" signs on the baseball field fences. The fences are not made to tolerate baseball tossing and it destroys the fencing. Jim O'Neill made a motion which was seconded by Art Hollis, to approve McCaskey Landscape & Design LLC to roll all five fields not to exceed \$875. Passed unanimously.

Nero Park Entrance off Ravenna Road

Art Hollis walked the area at Nero Nature Preserve in which the Park Board is looking to put a possible parking area off of Ravenna Rd. He observed standing water in the area. Art will talk with Bob Marn and they will contact Western Reserve Land Conservancy to see if the area is protected.

The restrooms at Munson Township Park are in need of interior painting and ventilation due to the effervescence noted on the walls. Ventilation will most likely take care of the moisture problem.
